Also, you will be asked to engage your local government representatives on behalf of your selected charity.

This presentation will include the following information on the selected NGO:

- How decisions are made within the charity
- How conflicts are resolved within the charity
- Interaction with the different levels of government

Big Picture Question:

- How might/could working with ___(insert NGO name here)___ make you a global citizen?

The Process:

- Students will research and learn about various charities
- Students select a **local/grassroots** charitable organization within the **social service sector**.

What is a Social Service?

Charities can be divided into different sectors. For example, hospitals fall under the health sector. **Social Service charities provide assistance to those who require help with basic needs**, such as food, shelter, employment, and in the case of children, an environment where they can grow up free from harm. Social service deals with issues such as: housing, food, clothing banks, legal aid, seniors' services, children and youth services, disabled, Aboriginal services, daycare, emergency shelter, disaster relief, income support and maintenance, immigrant/refugee aid, rehabilitation of offenders, crisis/financial counseling.

Guidelines for selecting a Charity/NGO

- The charity must be a local charity (e.g. national or international charities are not options).
- The charity must operate in the not-for-profit sector (e.g. the charity should not be making a profit off their activities. All the money that the charity raises just covers the cost of operations).
- The charity must rely heavily on volunteers rather than paid employees.
- The charity must be focused on providing some type of social service; therefore, environmental charities are off limits.
- The charity should not be located in the health sector as these organizations tend to receive a fair amount of government funding (This comes directly from the Toskan-Casale YPI website and is up to the teacher's discretion to leave it in this document).
- The charity must have a charitable registration number and can be verified by Canadian Revenue Agency (www.cra-arc.gc.ca)

Considering Your Charity

Your goal is to choose a social service charity in your community that you will research and make a presentation to an audience of high school students.

Beginning to Research a Charity *Moving from general to specific*

1. Research a social service charity (NGO) in your community that has caught your interest. You can complete the research by: calling and talking to the workers; doing an internet search; visiting the charity. It is encouraged to locate this information using a variety of sources.
2. Use the chart below to help organize the information you locate:
